

## Kitamura Machinery Appoints Meredith Machinery Distributor for Kentucky and Indiana

**Meredith Machinery location in Louisville, KY**

Kitamura announces its partnership with Meredith Machinery as the new exclusive distributor for the sales and service of Kitamura products in Kentucky and Indiana.

"For over eight years Meredith Machinery has been providing high quality machine tools and automation for the metalworking industry," said a spokesperson. Located in Louisville, KY, and Indianapolis, IN, Meredith provides installation, training, applications, warranty and after warranty service on machine tools of all kinds. Meredith offers single source manufacturing solutions for a wide range of industries including high speed machining for the die mold industry, automotive, production machining and provides tool room equipment sales.

"We felt that the Kitamura machines were the perfect fit for our customer's requirements in the range of products offered," said Dave Meredith, President, Meredith Machinery. "Kitamura has a broad line of horizontal machining centers (from 250mm pallet to 1 meter) that can each be equipped with live hydraulic fixtures if desired. In addition Kitamura

manufactures several models of pallet changing vertical machining centers that are great products for our production machining customers."

"Offering single source manufacturing solutions, Meredith personnel recognize that customer support involves more than just providing the right machine at the right price," said Mr. Meredith.

"Kitamura welcomes the technical capability and high quality service that Meredith is bringing to our customers," said Ted Asano, Vice President, Kitamura Machinery of USA. "We look forward to working together with Meredith to offer our customers not only machining solutions, but also applications support as well as total turn-key automated systems."
